ETHICAL TRADING POLICY

TWO Ltd are committed to conducting business in an ethical, legal and socially responsible manner. This commitment extends to suppliers and other associated external resources with which we chose to do business. We will purchase and provide goods and services to the highest standards of ethical and environmental trade practices and we are committed to the provision of safe working conditions for our staff, contractors and clients.

We are committed to act in an ethical manner and comply with statutory and legal requirements, promoting good labour and ethical standards in everything we do. We encourage all those we interact with to follow similar guidelines and whilst not a member of the ethical training initiative alliance we endorse their principles and will act in accordance with their standards.

This policy is part of our management principles and will be published and reviewed at regular intervals. It is our commitment to continually improve through monitoring and measuring all that we do, including this policy.
